

WEB PAGE DESIGN

IF YOUR BUSINESS IS NOT ONLINE, IT DOES NOT EXIST...

Nowadays, both web design and maintenance are something fundamental for an online business. Business relations have changed to such a point that a website is necessary to build trust between users or customers. Your website will be the first thing your clients will see, it is your business card.

PROFESSIONAL WEB DESIGN

- » "Responsive" design, adaptable to mobile devices.
- » Graphic designer 2.0: custom design that reflects the image of our clients on the Internet.
- » Web usability: study of the ease of a website's navigation.
- » System administrator to optimize performance of the server where the web will be hosted.
- » Web analytics: Google Analytics, Webmaster Tools, Google Search Console.
- » Creation of the Google My Business Tab.
- » Web positioning, Google Ads and Social Media Networks: SEO, SEM.
- » Registration or renewal of your domain along with your web hosting.
- » Technical and commercial support throughout the project.
- » Data Protection Policy (where applicable).
